EXPO VI REPORT

Expo VI was another success. There were over 100 tractors from as far away as Florida, including John Deere and International Harvester tractors.

Jane and Jon Severance once again put together a great 2 day raffle to benefit the club. Thanks to the efforts of Stan Clark, the silent auction was a good money maker for the club, as well.

Tractor games were very well attended with many participants on both color tractors. This was the first time Ira Allen ran the games with all of his helpers – thank you! Fun was had by all!

Tractor pull was run by Mark Wilder and a crew of hard workers. There was good competition. Ginny Bowden and her crew came up with a “Kids’ Black Hole” – kids went in to the large barn to participate in games and activities, and never came out!

Special thanks to all who helped with the Expo this year. From the registration table, parking, camping, club table, t-shirt sales, setting up, take-down, parades, kids’ pedal tractor games and pulls, all of your participation and hard work is appreciated. We cannot put on an Expo without many volunteers.

This was my last Expo, as chairman, and I want to thank all of you who helped make the 6 Expos so successful!
